VIRTUAL CHARTER SCHOOL

CHETEK-WEYERHAEUSER SCHOOL DISTRICT

Big enough for opportunities but small enough to care!

Chetek-Weyerhaeuser Area School District

Gesa Tschumperlin

Link2Learn Program Coordinator

Link 2Learn Virtual Charter School is a unique option for students of all ages to access public school curriculum from home or any remote location. Link2Learn teachers meet with families in person or virtually to find the 'just right' program for your child. Choices range from established online providers to book based programs from widely used publishers. Students follow the guidelines the Wisconsin state requires and are working towards a Public School High School Diploma with which they can apply to any colleges they might aspire.

Classes are mostly asynchronous - families decide on a study schedule which fits their unique needs. Link 2Learn teachers support, teach and facilitate our students' learning on a regular basis while forming close connections with our students.

We are a small and caring learning community, always striving to meet our students' and families' needs while fostering an exciting learning journey for all.

"Link2learn works great for my family because there are several curriculums to choose from for each of my children's unique learning personalities, there is math help for my older children, and my children get to work at their own pace!"

Christy Markley, Parent and Link2Learn Board Member

"In some virtual schools music is the first thing to ignore because it is too difficult to be done virtually. I'm so happy to be a part of Link2Learn that gives students opportunities to keep music as part of their education."

David Ruda: Music Teacher

Christa Schommer 4K/KG: Teacher and Academic Guide

"Link2Learn offers students and families the flexibility to engage in a curriculum rich environment that meets the needs of families and students. Link2Learn continues to evolve and improve each year, which is critical for today's virtual schools."

Scott Kowalski, L2L Board President

"I love all the course options Link2Learn is able to offer our students. We are able to help students explore their passions and find classes that prepare them for life beyond graduation".
