

Chetek – Weyerhaeuser Area School District

2018-2019 Academic Standards

The Chetek-Weyerhaeuser Area School District Academic Standards specify what students should know and be able to do in the classroom. They serve as goals for teaching and learning. Setting high standards enables students, parents, educators, and citizens to know what students should have learned at a given point in time. In Wisconsin, all state standards serve as a model. Locally elected school boards adopt academic standards in each subject area to best serve their local community.

In the Chetek-Weyerhaeuser Area School District, the foundation of our academic standards are taken from the **Wisconsin Model Academic Standards**. Selection of the specific content taught in our classrooms is based on what our professionals have determined most important for our students to be future ready. Specific content or learning targets are determined by grade level teachers at the elementary level and by departments at the high school/middle school level.

The Wisconsin Academic Standards are used as a resource in the following subject areas:

- Agriculture, Food and Natural Resources
- Art & Design Education
- Business and Information Technology
- Dance
- Early Learning Standards
- English Language Arts
- Environmental Education
- Family and Consumer Sciences
- Health Education
- Health Science
- Information and Technology Literacy
