

Chetek-Weyerhaeuser Transportation Committee

April 19, 7:00 pm

Members present: Kris Snyder, Pat Spencer, Margaret Accola, John Erb, Jill Koenitzer

The meeting was called to order at 7:00 pm.

There were no visitors.

The committee reviewed CESO Preliminary Report. The committee makes the following recommendations:

- Gather additional information prior to software purchase/implementation. Some of the following details need to be known: annual cost & whether the software is compatible with Skyward, & computer technical requirements.
- Encourage Dr. Brown and the district to determine whether or not to utilize CESO in contract negotiations.
- We recommend the district continue working with CESO, by directing CESO to continue to work with district and/or contractor personnel to implement the strategies outlined in the preliminary report. We recommend the district develop a schedule for the three day visit and coordinate with district and contractor. We recommend the district require preliminary routes by June 1st at the latest. This will allow appropriate time to communicate with families prior to the end of the year.
- We recommend the district direct CESO to provide assistance with policies as soon as possible.

Meeting adjourned at 8:00 PM.
